

The Stressless® book of comfort

Original Collection | 2017

THE INNOVATORS OF COMFORT™

EKORNES®

Made in Norway
since 1934

The pleasure of comfort

Since 1934 we have had the pleasure of filling homes all around the world with comfort. Our longevity has helped to make Stressless® one of the best-known brands in the furniture industry. Our Ekornes colleagues all share a passion for detail and innovative solutions, this commitment enables us to continually invent new systems designed to give your body the best possible sitting experience – whilst giving your home the ultimate decor. Yes, we may be 80 years old, but we never stop pushing the boundaries and questioning the limits of what is possible in terms of ultimate comfort and the most spectacular designs.

There are many reasons why our recliners and sofas are so unbelievably comfortable – every piece of furniture is the work of highly-skilled staff, the effective choice of materials and innovative solutions. The landscape that surrounds us also plays a significant role in defining our products. Norway's majestic peaks and endless fjords set our minds at ease and are the perfect antidote to stressful days. If you have not yet visited the fjords but would like a taste of what they offer, we recommend taking a seat in a Stressless®. It may well be the closest you'll ever get to the bliss of pure comfort.

The Stressless® book
of comfort

Introduction

This year, our many innovative solutions and options will ensure that you can sit or lie down more comfortably than ever. But you shouldn't just take our word for it – try a Stressless® for yourself. We can't wait to show you our range of new products and timeless classics.

10-11

Four different bases - the choice is yours when selecting a recliner. Our range of options makes it easier than ever to find exactly what you are looking for. Why not choose a Stressless® featuring our latest innovation, the new LegComfort™ system!

28-29

Most of our Stressless® designs are available in three sizes, because all body types deserve the same exceptional comfort.

48-51

This year's new modular sofas offer endless options for the modern home.

58-62

Many features help to ensure the unique comfort of our products – take a look at our full range of innovative solutions.

64-65

Our range includes a selection of tables and ottomans to further enhance your comfort experience.

NEW

Comfort from head to toe

Our new, unique Stressless® LegComfort™ system takes the comfort experience a significant step further, regardless of whether you choose a recliner or sofa. After a long day, it's extra satisfying to be able to stretch your legs – and your body. The footrest is elegantly hidden under the seat and revealed through touch sensitive buttons. Its length can also be adjusted, so that it suits everyone. The LegComfort™ system is combined with our glide and Plus™ systems, ensuring that your lower back and neck will also be perfectly supported. We therefore have good reason to say that you'll experience superior comfort – from head to toe.

STRESSLESS® BREEZE

NEW

Our unique comfort your choice

All Stressless models offer the ultimate in comfort.

So regardless of the base you choose you can be sure that you'll sit like royalty. With so many unique options, your personal comfort is guaranteed.

Go ahead – it's your choice.

Classic base

With its unique stability and timeless design, this base has provided decades of exceptional comfort.

Available in sizes S, M and L.

Classic base with LegComfort™ system

With our latest innovation, you can now indulge your entire body in a unique comfort experience, from head to toe. The elegant footrest is hidden beneath the seat – revealed by a light touch, it provides excellent leg support.

Available in sizes M and L.

Signature base with BalanceAdapt™

Soft, comfortable rocking movements and a striking design from a wood and aluminium base. A delight for both the body and the eye.

Available in sizes S, M and L.

Home Office base

Full freedom of movement with full comfort – even at home. With our Home Office chairs, work becomes a pleasure.

Available in size M.

NEW

STRESSLESS® BLISS

Stressless® Bliss (M)
Classic LegComfort™ recliner
shown in Cori Amarone / Oak.

Something unique for everyone

Everyone has their individual concept of comfort and great design. A real sense of individuality was our focus when developing our Stressless® Metropolitan sofa with BalanceAdapt™. Every seat moves independently, and if you feel like lying down the seat cushions will ensure the comfort you desire. The optional headrest provides excellent support for your head and neck if you prefer a sofa with a high back.

STRESSLESS® SKYLINE

Our complete range of models is shown
on pages 64-72.

Maximum comfort

The smallest of movements is often what makes the difference between a good sitting experience and a great one. With BalanceAdapt™ the sitting angle automatically adjusts to your body's tiniest movement. It's all about finding the right balance – from head to toe, without the use of levers or handles. The soft rocking motion increases your comfort in all positions.

Stressless® Metropolitan sofa shown in Paloma Beige / Steel leg.

Stressless® Enigma table. Our complete range of models is shown on pages **64-72**.

Stressless® City recliner shown in Paloma
Dusty Rose. Stressless® Urban Small table.

STRESSLESS® CITY

Comfort refined

The slender, elegant shape of our Stressless® City recliner makes it perfect for a cosy get-together with friends, but is equally suitable if you are looking for a few minutes of calm by yourself. It is available as both high back and low back models, and the matching footstool gives your feet some well-deserved comfort. After all, they deserve to be pampered every now and then too.

The Stressless® Urban glass table comes in two different sizes; a practical small table and a larger option. The table has been designed to match our Stressless® Metro and Stressless® City recliners, but its classic good looks mean it works well with many of our Stressless® and Ekornes® sofas.

Stressless® City Low Back recliner shown in Cori Vanilla. **Stressless® Urban Small** table.
Our complete range of models is shown on pages **64-72**.

Stressless® Uni headrest

The height of our universal headrest can be easily adjusted – something that both the taller and shorter members of your family will appreciate.

Stressless® Metro recliner shown in Paloma Purle Plum.
Stressless® Urban Small table.

Individual comfort

Stressless® Metro demands attention, but has also been designed to adapt to its surroundings. This modern furnishing solution enables friends and family to spend time together in style. The combination of a stylish rotating base, fresh lines and a headrest pillow on the high back model ensures that all your comfort needs are met.

STRESSLESS® METRO

Start your day in perfect comfort

There are times when you expect more from a piece of furniture – when it must be comfortable for even the smallest member of the family. The integrated BalanceAdapt™ system ensures that all movements feel soft and comfortable – for active youngsters and yawning parents alike. A Stressless® ensures that everyone has the perfect start to the day.

Clever comfort

We continuously strive to find new, innovative ways of enhancing your comfort. Our numerous integrated table solutions are tailor-made for your most comfortable sitting position, without compromising the overall look and feel of your Stressless® recliner.

The Stressless® Computer table provides a firm, stable workspace. Positioned directly above your lap, it enables you to enjoy all the ergonomic advantages of your favourite recliner whilst using your laptop. When you're done working or browsing the Internet, simply swing the table aside and fold it down alongside the recliner.

Functionality that delights!

Lean back in the soft cushions of the Stressless® Eldorado and experience its welcoming comfort. The soft cushioning on the armrests and full back support provide superior comfort during a good conversation – or moments of serenity. When you co-ordinate with a Stressless® ottoman, you can kick back and let your dreams take over. Stressless® sofas provide optimal support in both the upright and reclined positions. The top of the ottoman can be opened to reveal plenty of space to store remote controls, magazines and DVDs.

Movie bonanza

You move more than 300 times during the length of a movie. This might sound exhausting, but don't despair – Stressless® seating is designed to adjust to your every movement. The spacious, soft seats of your Stressless® Home Cinema seating, combined with a Stressless® ottoman, ensure an optimal movie experience.

Regardless of how much space you have available for your home cinema setup, our ingenious flexible modular designs ensure that there's always space for a Stressless®.

Stressless® Arion SC 11 shown in Batick Chilli Red with Steel legs.
Stressless® Oval ottoman.

Stressless® Arion SC 121 shown in Paloma Black with Steel legs.
Stressless® Double ottoman.

The Stressless® Double ottoman features ample leg room for two, plus storage space inside. It also comes with an optional wooden tabletop, which can be placed on the ottoman to provide a handy table when needed.

The Stressless® Oval ottoman has been built around the same general idea – with its removable pillow, it also acts as a convenient table. The pillow can be stored beneath the tabletop when not in use.

The smart Sector tables and armrests complete the Stressless® Home Cinema setup – both functionally and aesthetically. Now there's no need to get up – everyone can keep their own giant bowl of popcorn or selected beverage within reach! The armrest also includes a practical storage space.

Stressless® Metro Office shown in Cori Black.

Comfort on wheels

Our line of Stressless® Home Office chairs provides the ultimate solution to a truly outstanding home office experience. Your back deserves the same comfort while working as it does while relaxing – and the simple truth is that if your back is comfortable, you can work better. With the combination of comfort and mobility, the Stressless® Home Office chair provides the perfect seat – ensuring that at the end of the day, you've completed your days hard work in comfort.

Stressless® Home Office chairs feature all the comfortable functionality of our recliners, including the Plus™ system, which offers synchronised neck and lumbar support adjustments. The chair's height can also be easily adjusted using the handle under the seat – to give you optimal comfort and superior freedom of movement.

Discover the secrets of personal comfort

The unique cushioning of our Stressless® recliners and sofas embraces and supports your body like nothing else. 45 years of innovation has brought us to a point where we can wholeheartedly say that our Stressless® recliners and sofas are the best on the market. Every Stressless® is inspired by the beautiful fjord and stunning scenery located right next to our factory here in Norway.

Balance Adapt™ **Plus™-system**

1. The perforated foam, moulded directly over the frame, gives you improved seating comfort since the indentations allow you to sink deeper into the seat and back of the recliner. Comfort Zones™ (patent pending) provide the proper contours for your body, offer good ventilation and guarantee that the cushions will remain long-lasting and comfortable.
2. A soft polyurethane foam pad ensures optimum softness.
3. The soft polyurethane foam pad is covered with a layer of super-soft polyester fibre for a real touch of luxury.
4. Flexo springs on a steel frame ensure durable construction and strength.
5. The Plus™ system automatically provides the correct support for your head and lower back. The function is double-sided for maximum stability, functionality and lifetime use.
6. Only genuine top-grain leather cover the front and back of Stressless® chairs.
7. The Stressless® glide system automatically adjusts to your body weight, with no buttons or levers to pull.
8. The various bases provide full stability and allow you to turn a full 360 degrees.
9. Laminated beech base. All colours are stained and varnished.

Worth a test

Only you know what feels most comfortable for you, which is why we encourage all our customers to try a Stressless® – to ensure that you find a recliner with the right size and feel. Comfort is largely about choice, and regardless of which base you choose we guarantee you the same exceptional level of comfort. Try one of our recliners – we guarantee it will be time well spent. After all, a genuine Stressless® is an investment which you'll enjoy for many years to come.

- Can you adjust the headrest so that it lies flat when you recline?
- Is your head supported comfortably as you lie down to read or watch TV?
- Do you have the feeling that the seat back reclines sufficiently?
- Does the chair provide good lumbar support in all positions?
- Does the recliner feel stable and safe?
- Does the gliding movement smoothly adjust to your body weight?
- Do the chair and ottoman move with you as you shift position?
- Are the height and width of the chair right for you?
- Are you aware of your entire body relaxing?
- Is the ottoman positioned in the right place to give you maximum leg support?

Plus™-system

Plus™ system

Perfect support and comfort regardless of whether you sit up straight or lean back. This isn't always easy to achieve, but our unique Plus™ system manages to ensure exactly that. The provided neck and lumbar support adjusts as you move – perfect for watching the television. If the film however doesn't live up to expectations, you can always activate the headrests' sleep function with a single easy movement and enjoy a snooze.

1. The patented Stressless® Plus™ system automatically adjusts the headrest as you recline – supporting your neck while you read, watch TV and rest.
2. Anatomically correct lumbar support in all positions – synchronises with the neck support function as part of the Stressless® Plus™ system.
3. The sleep function is activated with one simple movement to lay the headrest flat.
4. For unbeatable comfort, set the Stressless® wheel once and then adjust your sitting position simply by using your body weight.

BalanceAdapt™

BalanceAdapt™ system

The smallest of movements is often what makes the difference between a good sitting experience and a great one. With BalanceAdapt™, the sitting angle automatically adjusts to your body's every movement. It's all about finding the right balance – from head-to-toe, without the use of levers or handles. The subtle and soft rocking motion increases your comfort in any position and ensures that the sitting angle adjusts even further. The recliner also features the Plus™ system, which provides optimal support for your neck and lower back to give you a unique comfort experience. Stressless® Metropolitan comes as both high and low back sofas.

LegComfort™

LegComfort™ system

Our new, unique Stressless® LegComfort™ system takes the comfort experience a significant step further. The comfortable footrest is elegantly hidden beneath the seat, and revealed with a light application of pressure to provide exceptional leg support. The footrest can also be adjusted in length, so that it suits everyone. The system is available on all our Medium and Large Stressless® recliners with a Classic base, as well as the Stressless® Breeze sofa.

The LegComfort™ system is combined with our glide and Plus™ systems, ensuring that your lower back and neck will also be perfectly supported. We therefore have good reason to say that you'll experience superior comfort – from head to toe.

ErgoAdapt™

ErgoAdapt™ system

The built-in ErgoAdapt™ system of the Stressless® E200, E300 and E400 allows you to sink into the soft cushions. This discreet tilting mechanism enables the sofa to automatically adjust to your body, providing you with a perfect sitting angle or sleeping position. Our flexible headrest has subtle movement and is easily adjusted for a further improved sitting experience. The headrest can be used on existing Stressless® E200, E300 and E400 units, and is easily mounted without tools. The Long Seat has its own specially adapted headrest with the same innovative functions.

**ErgoAdapt™****From zero position to tilt position**

The Stressless® ErgoAdapt® system automatically tilts the seat as you sit down – providing the perfect degree of comfort and support.

Lying down flat, no tilt

When you lie down on the sofa the seat stays completely flat, offering exquisite comfort and enabling you to take full advantage of the oversized seat.

The Long Seat automatically tilts down to give your legs perfect support when seated, but stays completely flat when you lie down.

Put your Stressless® E200/E300/E400 together exactly the way you want

Regardless of space, with our ingenious flexible modules there's always room for a Stressless®. First find your favourite model and then select your ideal arrangement. A few possible configurations in a variety of our styles are shown below.

Example configurations

Stressless® Home Cinema

No matter the size of your room, our ingenious flexible modules ensure that there is always space for an elegant Stressless® home cinema. Find your favourite model and then select your ideal arrangement from the size and positioning chart. The illustrations below show the most popular arrangements.

The Stressless® Sector (SC) / Sector Arm (SCA) is upholstered like the sofa and hides a storage space under its top. The Sector / Sector Arm also functions as an armrest, which is why setups with Sector / Sector Arm tables should be treated as a single, fixed unit.

The Ekornes® Corner table (CT) combines the need for a table with the ability to individually position the chairs and sofas. The Corner table is free-standing, allowing you to re-organise the furniture when needed.

The slight difference in height means that the tables can be easily combined in different ways, either apart from each other or close together. The tabletop is MDF with a melamine surface, available in White, Black and Cream. The wooden legs are available in Black, Natural and Brown. L: 137 D: 60 H: 47 / W: 55 H: 52

EKORNES® WINDSOR TABLE

Made from beech. Available in Natural or stained in the following colours: Oak, Walnut, Teak, Brown, Wenge, Grey and Black. W: 132 D: 70 H: 48

STRESSLESS® ALPHA

A versatile table with USB connection, which fits all Stressless® chairs perfectly. Available in various combinations of glass, MDF or wood, with the stem in black or chrome. B: 52 D: 42 H: 50-73 (adjustable)

STRESSLESS® BETA

A versatile table with USB connection, which fits perfectly between two Stressless® chairs. Can also be used in front of chairs with a Star base. Available in various combinations of glass, MDF or wood, with the stem in black or chrome. B: 51 D: 55 H: 50-73 (adjustable)

STRESSLESS® ELLIPSE TABLE

This flexible, easy-to-move table is ideal, since it keeps everything you need within easy reach while you are in your "comfort zone". W: 49 D: 38 H: 48-71 (height-adjustable)

EKORNES® CORNER TABLE

This practical table works perfectly between a pair of Stressless® recliners. Also ideal for any corner setup or home cinema arrangements. W: 69 D: 60 H: 48

STRESSLESS® DOUBLE OTTOMAN

The large ottoman offers ample space to put your feet up, while the storage space hides a tabletop that can be placed on the ottoman when needed.

W: 119/154 D: 61 H: 44

STRESSLESS® OVAL OTTOMAN

The Stressless® oval ottoman has a removable cushion, so it doubles as a convenient table. When you don't need to put your feet up, simply store the cushion below the tabletop.

W: 90 D: 48 H: 47

STRESSLESS® OTELLO

A solid stool, available with either an aluminium or moulded beech base.

W: 100 D: 50 H: 45

W: 51 D: 40 H: 44

W: 60 D: 60 H: 44

W: 53 D: 49 H: 44

W: 64 D: 70 H: 44

STRESSLESS® MODERN AND STRESSLESS® SOFT OTTOMAN

Our ottoman is ingenious in at least two ways. Firstly, it features a built-in tilt system, which ensures that the angle of the ottoman adjusts to your sitting position. Secondly, it has room for all your extras under its removable top. Available in two sizes.

STRESSLESS® EASY ARMREST TABLE

This smart idea has been designed for the Stressless® Arion and Stressless® E200. Simply place the table on the armrest for a convenient extra surface. W: 25 D: 23 H: 10

STRESSLESS® SWING TABLE

The table remains independent of your movements and can be simply swung aside when not in use. Can only be fitted to Classic base and LegComfort™ recliners. W: 28

STRESSLESS® COMPUTER TABLE

The table provides a good working position and remains independent of your movements. Simply swing to the side and fold down when not in use. Can only be fitted to Classic base and LegComfort™ recliners. W: 41 D: 31

Stressless® Metro and Stressless® City can be ordered in two seat heights; 43 cm (standard) and 47 cm (tall). Please specify your preferred seat height when ordering through your retailer (applies to both high and low back models).

**Classic elevator ring**

The Stressless® elevator ring adds an extra 3.5 cm to the seat height, and is your key to comfort if you require extra height. Simply snap it on: no tools necessary.
The Stressless® footstool elevator ring adds 3.5 cm to the footstool's height. Fits all footstools produced after 1 March 2004.

**Signature elevator-kit**

If you require additional height on your Stressless® with a Signature base you can order an elevator kit, which is easily attached and will increase the height of your chair by 3 cm.

**Hard Floor Protector**

Self-adhesive felt for use under the base as floor protection.
For Classic base.

Stressless® Leather Care kits

To match the high-quality of our furniture, Ekornes offers its own leather care kits.

The Stressless® Leather Care kit (medium, large) contains a leather cleaner and protection cream. Stressless® Leather Care Wipes are also available. To keep your leather looking at its best, ensure longevity and for the regular removal of stains, we recommend that you clean the leather with Stressless® leather cleaner at least once every six months. Always apply the protective cream after cleaning.

See www.stressless.co.uk for further information about maintaining your leather furniture.

These are the only cleaning products recommended by Ekornes. Ekornes accepts no responsibility in cases where cleaning products other than those recommended by Ekornes have been used and have damaged the leather.

Ekornes® offers four categories of leather, in a selection of beautiful colours.

Batick

BATICK is a corrected, pigment-improved and grain-embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent utilisation properties and a favourable price make Batick a good choice.

CORI is a corrected, pigment-improved and grain-embossed upholstery leather. Cori is somewhat thicker, and has a larger pebbled grain, than Batick. Most of its natural marks are removed. Also, some of the Cori colours have a two-tone colour effect to liven up the surface. A protective layer of lacquer simplifies cleaning. Cori is a wise choice if you want leather with excellent utilisation properties and a robust structure.

PALOMA is a slightly corrected leather with a combination of dyes and pigments that smoothes down some of the structure (the grain pattern) of the leather. The grain structure in Paloma may, however, vary a little at some parts of the furniture and also minor colour nuances may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy-duty quality and protection as Batick and Cori. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

NOBLESSE is the most exclusive leather in Ekornes' collection. It is a full grain, semi-aniline leather, which means that the leather is dyed using a light surface treatment. This provides a certain amount of protection, while maintaining the natural softness and glow that are characteristic of a first class upholstery leather. A natural material such as Noblesse retains its original grain and structure, and various grain patterns may be visible at different areas of the furniture. Minor colour variations and marks resulting from scars and injuries may also be visible, and are characteristic of a natural material like Noblesse. Due to the light surface treatment, Noblesse is the most delicate of Ekornes' leathers. It easily absorbs moisture and is extra sensitive to wear, heat, exposure to sunlight, stains and sweat. Regular maintenance is important in order to maintain the leather's exceptional appearance.

Cori

Ekornes is one of Europe's largest consumers of leather. We purchase the leather from selected tanneries all over the world. Our own inspectors take part in the leather selection, which is conducted in accordance with international norms for quality determination. The experience we have gained from this work is for your benefit when you buy Stressless® or Ekornes® leather furniture. Our leather is manufactured according to current laws, guidelines and recommendations relating to their utilisation properties, and for the use and content of chemicals and other substances. We are cooperating with recognised international institutions in this line of business, to ensure that we are updated at all times with events relating to health, safety and the environment.

The leather for our furniture is a natural material that comes from cattle hides

When the hide has gone through a tanning process and further processing to achieve the correct utilisation properties, it is called leather. One characteristic of hide is that it is marked by nature, vegetation and the care the animal has been subjected to. Cattle spend most of their lives outdoors, and will therefore be marked by external influences like insect bites, tears, scars, wrinkles, stretch marks, etc.

The following are some of the properties of leather that you should be aware of

Leather is a natural product and is a beautiful and lively material used in furniture-making. Each hide is unique in its structure, appearance, nuance and size.

Ekornes may use several hides when making your furniture. This, together with the leather's play of colours and natural marks, makes each piece of furniture unique. In time, the leather will age and gain patina. It is important that you are aware of one thing: although leather furniture can withstand a lot of wear and tear, its appearance will change with the years.

The following applies to all types of leather used by Ekornes: Hide absorbs dyes differently, and therefore the leather may have colour nuances. These are due to dissimilarities and different fibre structures, which affect the colouring of the hide and how the hide absorbs the dyes during the tanning process.

Paloma

All our leather qualities are through-dyed, but there could always be a deviation between the basic colour of the hide (the colour of the side that faces the upholstery side of the furniture), and the colour of the grain side (the external side): i.e. the colour of the outer layer. This is normal. It is possible to use the same basic colour for leathers with different top colours.

Dyes and dyeing methods may vary between the different leather colours and leather qualities. Therefore, the basic colour and the colour of the top layer (which forms the wear layer and the final desired colour of the finished product) of a given leather quality may differ.

Some of the leather dyes have a two-tone colour effect (shadow/antique effect). Leather dyed with a two-tone effect may change character faster and wear more unevenly than leather with just one colour. This applies in particular to areas of the furniture that are exposed to harder wear such as armrests, seat cushions and neck supports.

The top layer protects the leather and simplifies cleaning, but is nonetheless vulnerable to soiling and wear. If the top layer/top colour is destroyed, the leather may deteriorate faster. Penetrating spills/damage/scratches are normally irreparable and may result in the top colour changing character, cracking or peeling off.

Denim clothes and hard textiles, such as dungaree jeans, expose the leather to strong wear and may leave colour on the leather which is difficult to remove, without risking destruction of the top colour of the leather. Light leather colours in particular are vulnerable to such colour contamination.

All furniture leather sold by Ekornes is resistant to light, but changes in colour may occur as a result of use and extensive exposure to light. Consequently, furniture should not be exposed to direct sunlight or direct heat from heaters and other sources of heat. Leather is vulnerable to exposure to oils from direct contact with human skin (especially of the neck and hands).

Remember: leather has a relatively long life-time, but can easily be destroyed by incorrect handling.

The Stressless® wood colours

Ekornes uses rotary cut beech veneer in all its moulded furniture components. For solid wood components, lightly steamed beech is used. The hardness of the wood makes beech furniture extremely durable, and the timber we use is a renewable resource. Beech is a natural material, and variations in its pattern, colour and texture make each piece of furniture unique. Even though beech is used in both the solid and moulded components, structural differences may be visible.

EKORNES® AND THE ENVIRONMENT

The objective of Ekornes is to accept environmental responsibility related to manufacturing, distribution and use of the company's products.

We will continue to implement initiatives in our factories that improve the internal and external environment, at the same time as we continue to select environmentally-friendly raw materials.

A sustainable manufacture of durable products will also in future be an objective in the development of our company.

The following core items shall be complied with in all parts of our activity:

- Ekornes shall appear as an environmentally-friendly enterprise. Our products shall cause the least possible impact on the environment.
- Ekornes has as its objective to keep the health risk at the workplaces at a minimum.
- Ekornes invests to avoid damage to the environment and injuries to health.
- Environmental information shall be generally available, for example through Environmental Product Declarations (EPD).
- Ekornes shall give objective and open information about how the company handles its environmental responsibility.

Ekornes has as its long-term objective to develop environmental issues to a competitive advantage through being ahead of our competitors also in this field.

Ekornes participates in the UN's Global compact.
